

10-Day Professional Makeup Course

Complexion, colour theory and professional application

COURSE FORMAT	10 days practical studio course
GUIDE PURPOSE	Use alongside Tutor LMS lessons, practical demonstrations and supervised studio work.

Learning outcomes

- Prepare skin safely for a range of complexions.
- Match foundation undertones and build a long-wear base.
- Apply eye, brow and lip looks with balanced colour theory.
- Complete a polished client makeup service and aftercare plan.

Practical preparation

- Sanitised brush set
- Disposable applicators
- Colour wheel
- Client face chart

Applied practice brief

Create a day-to-evening makeup plan for a client, including complexion choice, eye look, products and hygiene controls.

Healthy professional practice

Always follow manufacturer instructions, work within your training level, obtain informed client consent and refer clients where a contraindication or health concern is identified. Maintain a clean, hygienic workspace throughout every practical service.
