

4-Month Cosmetology Course

Hairdressing, Nail Technology, Makeup Artistry and Eyelash Extensions

COURSE FORMAT	16 weeks 4 practical pathways
GUIDE PURPOSE	Use alongside Tutor LMS lessons, practical demonstrations and supervised studio work.

Learning outcomes

- Apply salon hygiene, consultation and client-care standards.
- Build foundational styling, nail, makeup and lash-extension techniques.
- Create a professional portfolio of supervised practical work.
- Plan a safe, inclusive and client-centred beauty service.

Practical preparation

- Professional kit and closed shoes
- Client consultation template
- Sanitation checklist
- Portfolio folder or digital camera

Applied practice brief

Document one complete client consultation and select the correct service plan, hygiene steps and aftercare advice.

Healthy professional practice

Always follow manufacturer instructions, work within your training level, obtain informed client consent and refer clients where a contraindication or health concern is identified. Maintain a clean, hygienic workspace throughout every practical service.
